

# EON Office has a new look and feel

## **EON OFFICE IS REPOSITIONING ITS BRAND TO EON WORKPLACE**

As the workplace landscape has evolved post-pandemic, EON's business has continued to grow and expand to support the needs of today's office environment and the new expression of the brand name and identity reflects this shift.

This shift in our expression reinforces our dedication to adapting with our customers and their ever-changing workplace needs. While our name has changed, our unwavering commitment to exceptional customer service remains unchanged. From breakroom snacks to high-tech solutions, our team handles the details so our clients can focus on their business.
